- >30% of the world's farmed oysters managed to
- #1 provider of solutions for
- Revenue growth

Guidance

Product objectives are specific, measurable goals which track progress to meet your vision. These should support corporate objectives. Pick 2 or 3.

Key areas: Customer value, competitive advantage, and revenue/profit (*Examples:* Growth, market share, number of customers/users, churn, retention, customer lifetime value, net promoter score, average revenue per user/unit, monthly recurring revenue, etc.)

- Make >\$XM revenue (or profit) from our mobile application subscriptions

Company objectives

- >30% of the world's farmed oysters managed through our solution
- #1 oyster solution in the world
- Revenue of \$10M

Instructor answers

These are all potential objectives. Note that they all complement the company vision and objectives. Also, they are all measurable. If we were doing this for real, we would pick 2-3 key objectives.
